

Dweve
Weaving Intelligence

Leadership Team Biographies

Five co-founders / Current record 7 August 2026 / dweve.com/press / press@dweve.com

Harm Geerlings

Co-founder, CEO (product and innovation)

Interviews via press@dweve.com | Languages: EN, NL, DE

Product strategy and data protection. A CEDPP-certified data protection professional with more than 18 years at the intersection of data governance, privacy, and intelligence, Harm is co-founder and board member of DAMA NL.

At Dweve he leads product strategy, the innovation roadmap, and the operationalisation of GDPR and the EU AI Act across the stack.

Credentials

- CEDPP-certified data protection professional
- DAMA NL co-founder and board member
- 18+ years in data governance and privacy

Interview topics

- GDPR and EU AI Act
- Data governance
- Privacy
- Founding story

Marc Filipan

Co-founder, CTO

Interviews via press@dweve.com | Languages: EN, NL, HR

Engineering leadership across binary neural networks, determinism, and open-source stewardship, with more than 25 years across fintech, crypto exchanges, and hosting infrastructure.

At Dweve he owns engineering, security, and the determinism guarantees that let a result be replayed rather than described, together with the open-source foundations published for inspection.

Credentials

- 25+ years in fintech, crypto exchanges, hosting infrastructure
- Ransomware recovery and security
- Open-source contributions, binary neural networks

Interview topics

- Binary neural networks
- Determinism
- Open source
- Security

Bouwe Henkelman

Co-founder, Chief Operating Officer

Interviews via press@dweve.com | Languages: EN, NL

Commercial strategy and regulated-market experience, built over more than 40 years in Amsterdam derivatives trading and market making, with disciplinary-committee service at Euronext and DSI.

At Dweve he leads operations, commercial strategy, and regulated-market procurement, and he owns the risk view on how the platform is sold and run.

Credentials

- 40+ years in derivatives trading and market making
- Secretary, Euronext Disciplinary and Disputes Committee, 1995 to 2003
- Member, DSI Disciplinary and Disputes Committee, 2000 to 2003

Interview topics

- Commercial strategy
- Risk management
- Regulated markets
- Operations

Peter Vieveen

Co-founder, Chief AI Strategy Officer

Interviews via press@dweve.com | Languages: EN, NL

AI strategy and the long history of neural networks, which Peter has worked with since the early 1990s. He is a former President of DAMA Netherlands (2012 to 2023) and VP Chapter Services at DAMA International.

At Dweve he guides AI strategy, data management, and certification programmes, including how the EU AI Act Article 10 data-governance provisions are met in practice.

Credentials

- Working with neural networks since the early 1990s
- Former President, DAMA Netherlands, 2012 to 2023
- VP Chapter Services, DAMA International

Interview topics

- AI strategy
- Neural-network history
- Data management
- EU AI Act

Josca Huijssen

Co-founder, Chief Consumer Officer

Interviews via press@dweve.com | Languages: EN, NL

More than thirty years building brands, markets, and customer relationships from the ground up, from her own e-commerce company and an exclusive luxury agency to sales organisations for diverse businesses. Formerly brand manager for La Montre Hermès Netherlands.

At Dweve she leads the consumer go-to-market: subscriber growth, brand, and the compute-sharing community. Her principle: a product people trust starts with a brand people recognise, and attention is earned by being honest rather than loud.

Credentials

- 30+ years building brands and markets
- Founded Juweliershop.eu and led a team of twenty
- Built sales organisations from the ground up

Interview topics

- Consumer growth
- Brand strategy
- Compute-sharing community
- Customer experience
